

CANS day; Preliminary Program

When and where: 23 February 2023 at Scandic Ishavshotel

TIME	PROGRAM
08:30-08:45	<i>"Welcome and introduction to the conference"</i> Camilla Brekke, Pro-Rector Research and Development, UiT Arnfinn Sundsfjord, Center leader
	Session 1 (Chair: TBA)
08:45-09:30	<i>"Staphylococcal In host Adaption and Evolution"</i> Annelies Zinkernagel, University of Zurich
09:30-10:00	<i>"Marine microbiomes and their role in the biodiscovery of new antibacterials",</i> Teppo Rämä, Marbio
10:00-10:30	<i>"Including viruses of microbes as a resource for marine bioprospection".</i> Gabriel Magno de Freitas Almeida, Marine Bioprospecting
10:30-10:45	BREAK
	Session 2 (Chair: TBA)
10:45-11:15	<i>"Conjugation strategies for «new» antimicrobials and diagnostic tools"</i> Marius M. Haugland, Haugland group
11:15-11:45	<i>"Problems or opportunities in large biomedical data"</i> Einar Holsbø, Health Data Lab
11:45 -12:30	LUNCH
	Session 3 (Chair: TBA)
12:45 -14:45	Poster walk with short presentations of posters (2 min each)
14:45-15:00	BREAK
	Session 4 (Chair: TBA)
15:00-15:45	<i>"The good, the bad and the ugly - how to rule the world of E. coli"</i> Jukka Corander, Institute of Basic Medical Sciences, University of Oslo
15:45-16:15	<i>"Human Microbiome in Pregnancy and Early Life"</i> Veronika Pettersen, Host Microbe Interaction/Pediatric Infection
16:15-16:45	<i>"Chemical Infection Biology – From identification of new enzymes to phenotypic profiling of single-cells"</i> Christian Lentz, Host Microbe Interaction
16:45-16:50	Closure, Arnfinn Sundsfjord
16:50-17:10	BREAK
17:10-18:30	Poster session
19:00 -	DINNER
